By disregarding all the rules and regulations of war and of treaties and obligations to neutral countries, "Kaiser Bill" is again in the line-light.

Germany and Austria are at war with Serbia, Italy, Belgium, Russia, France, England and Sweden. Look's like a cleaning up for some body.

War Dogs Have Broken Loose

Since our last issue, the whole of Europe has been plunged into what may become the most devastating war the world has known. Beginning with the assassination of the Crown Prince of Austria by Serbian fanatics, the Austrian government saw fit to declare war upon Serbia by way of revenge. Russia to protect her interests began to mobilize her army to be in readiness to demand her rights. Seeing where he may get a picking too, the German Emperor sent a message to the Czar of Russia to quit, failing to do so would mean war. To keep the Frenchmen quiet, the Kaiser invaded France in three places, declaring war to be so doing. The next move was to seize Brussels and to place a million men into Luxembourg, thereby disregarding the treaty signed by England and Germany to respect Belgium territory. Belgium appeals to England, who replies that she will live up to her obligations. A note is sent to Germany to withdraw her men from Luxembourg. The answer is that more soldiers are placed in Brussels and England's note is ignored.

We don't want to fight. But by jingo if we do. We've got the good ship Niobe And the gallant Rainbow, too!

Our opinion is, that the "war lord" has made such a big "peace" noise in his travels, that it has made him crazy.

The German army is holding one of the most strategic points of the French frontier, Luxembourg. It is near where Napoleon met his Waterloo.

The latest news is that the Belgian army has defeated the Germans at Liege inflicting heavy losses. That Italy has declared war on Austria martial law declared in Holland, that the United States begins mobilization to guard the Panama and not the least that President Wilson has offered his services for peace. The Germans have opened fire on Stockholm, Sweden. Canada is to enlist 21,000 men.

Change in Train Service

We are to be deprived of the joy of going to Medicine Hat without being obliged to stay over night at a hotel. On Friday, the local running between Bassano and Medicine Hat will be stopped, so that two days will be necessary to go to the Hat once more. This is in keeping with all lines, as train service has been reduced generally.

Rates for Harvesters

The Dominion government has arranged with the railways to convey homesteaders to the harvest fields free, and bring them back for two cents per mile. This will not go into effect for a few days yet, as the harvest is not ready. Those who plan to go should notify the Hat land office. This opportunity will give every homesteader a chance to get a "stake" to tide him over the winter, and will also make business conditions better than they would be otherwise.

Later—C.P.R. Agent Brown has received notice to issue tickets free of charge to points between Calgary and Edmonton. A certificate signed by a representative of the Alberta government must be shown in order to get the ticket.

Caught in Shafting

N. E. Stuart, of the "West Grain company," last week, had a tussle with a power shaft of a 10 h.p. engine at the feed store. Except for loss of his shirt and a number of deep scratches, he came "through the mill" with little damage.

G. S. Shawver, of Kiskville, Ia., and sister, Miss Olive Shawver, of Ottumwa, Iowa, are visiting their sister, Mrs. V. D. Jones, and cousin, Mrs. C. Rosenberg.

Miss Susie Parkkari went to Medicine Hat Monday morning returning the same evening.

A. Pratt, McKellor Brothers, E. Potter and Dan McFarlane left on Monday night for Saskatchewan harvest fields.

Was it "Doped?"

A band of foreigners enroute from Winnipeg to Peace River, passed through here Saturday, travelling by buggies and covered wagons. While here, they negotiated a trade of a big sturdy gray for a light team of Charlie Engholm's. Sad to relate, the gray developed blind staggers Monday, and had to be shot!

Burned to the Ground

Monday afternoon the fire bell sounded its second alarm, and the citizens rushed to the south side of town, where smoke and flames were seen issuing from the cabin occupied by W. J. Blanchard. It was impossible to do anything toward extinguishing the fire, and as there are no nearby buildings, all the crowd could do was to watch the house burn. H. J. Stevens, of Medicine Hat, was the owner. Mr. Blanchard states that the origin of the fire is a complete mystery, as there had been no fire in the house for several hours, and that he had been away some time when N. E. Stuart saw smoke, and on investigating found the interior to be a mass of flames. Mr. Blanchard's music was burned, but his valuable violin was not in the house at the time.

Should be a Warning

In Calgary a short time ago, an oil broker was convicted of selling shams and then not being able to deliver the certificates for some time. If more of these reckless operators were made to realize the error of their ways, and heavy fines or sentences handed out, the people would be thankful.

Theodore Yager and Wm. Francis who have been engaged on the fence at Brooks as carpenter and master mechanic, have returned to their farms at Tide Lake. The most of the work is now completed.

The government road gang, under P. Draudson, is making good headway and is now about ten or twelve miles from town.

While working at the telephone exchange Saturday, Mrs. J.W. Clark was overcome by the heat and fainted. However, she soon recovered, and was a passenger to Calgary the next day to spend a few days with her husband. Wednesday she underwent an operation for the removal of her tonsils, which have been troubling her for some time.

Only One Teacher this Year

Carlstadt school board met Monday evening, present being: Mrs. F. C. Woolven, Messrs N. E. Stuart, E. C. Hegy and secretary Brigham. It was decided to employ only one teacher for this year in order to keep down expenses and the applications of a number were considered. A petition to shorten the school year was laid on the table.

Mr and Mrs L.H. McKinnon have moved from their farm and are occupying the Andland house in town. F. L. Brown was in the Hat over Friday night on business in connection with the Order of Railroad Telegraphers.

Harry Johnson, Provincial Weed Inspector, was in the Brooks district on Monday—scurrying up the weeds.

The Sulfid sports day was a big success. Owing to the closeness to press day, a full report is left over until next week.

There's one thing, anyway the war news will change the color of the newspapers for a while. Old Dingman's well can do its gubbing on the back page and distinguished geologists can size up the anticlines from the middle sheets.

H. W. Johnson went to Calgary yesterday to attend the Liberal rally also to consult with some of the oil magnates, as the drilling here.

Chas. England, of Calgary, was down on business last week. Among other matters he purchased a large number of metal granaries on one of the large farms at the south and arranged for their shipment to Chumy, for the Blackfoot Indians.

W. D. Trepo, of Gleichen, was in Carlstadt on business, returning on Tuesday.

The S. A. L. company at Sulfid, will be able to give employment to a large number of men this fall in the construction of laterals. Just now they have about all the men they need.

Last week the "W.A." spent three evenings quilting, out in the open air, with Mrs George Russell as hostess. The popularity of these meetings was evidenced by the splendid attendance of members, who completed their desired work. On account of the prevailing heat the "W.A." will meet fortnightly for the present, the next meeting to be held at the residence of Mrs F. C. Woolven on Wednesday afternoon next week August 12th. All women welcome. (Contributed)

TAX PAYERS NOTICE

The Village Council has decided to allow a discount of 5 per cent on all taxes paid within thirty days of the date of notice. V. E. Starr, Sec. Treas.

Mrs Caleb Bell and John Bell boarded the train on Monday evening, for Davidson, Saskatchewan, the home of Mrs Bell's son Robert. They are moving their furniture and goods down and although they do not know how long they will stay, it will be some time before they are back.

Albe Carlson received a letter from the Southern Alberta Land Co. on Monday telling him to report for work at Sulfid.

Miss Clara Lockrem underwent an operation for appendicitis last Saturday, in the Minneapolis hospital. The operation was successful and she has been recovering nicely.

Mr and Mrs J. R. Sharp left last week for an extended visit at their former home, Burroughs, Indiana.

Glen Hildahl, George Conley and Norman Johnson spent Sunday at the river.

Mr and Mrs J. H. Delong and children returned from Jenner Saturday evening.

Miss Nellie Olson, of Medicine Hat, spent the week-end here with friends.

Sulfid will play ball in Carlstadt Saturday, August 10th.

And who should drop off the passenger train Wednesday morning but our old friend, Jim Buzzard and his family were located in Florida, where the alligators grow fat on juicy victims like Jim, but he escaped, and now he and his wife and daughter are near Macleod, Alta.

Powers Bros., at Sulfid, have moved across the street to F. J. Bean's old stand. They desire to thank their many friends for patronage in the past and hope for a continuance of same in their new stand.

Miss Florence Clark has returned home from Edmonton.

FROM THE CANADIAN PACIFIC

Wonderfully fertile land is offered for sale by the Canadian Pacific Railway Company at prices ranging from \$11 to \$30 per acre. There is no better agricultural land than this virgin Canadian soil. It is unsurpassed for all forms of agriculture, including grain growing, stock raising, dairying, poultry culture, vegetable growing, and general mixed farming. The lands are convenient to railways and markets, and are located in a land of low taxation and delightful climate.

TWENTY YEARS TO PAY

Under the Company's new policy, no land is sold to speculators, but only to those who will occupy and improve it. The terms of sale are now one-twentieth cash and the balance spread over twenty years, with interest at six per cent per annum.

ASSISTANCE TO FARMERS

Under certain conditions the Company will advance a loan of \$2000 to new settlers to be used in erecting a house and barn, fencing the land, and sinking a well. This loan is repayable on the same terms as the purchase price.

THURSDAY, AUGUST 6, 1914.

Thanks to the care exercised early in the season, Carlstadt has come this far into the summer with little sickness. Which is much to be thankful for. But lately there has been a tendency about town toward carelessness. Piles of garbage and refuse have accumulated, so that one almost needs a cloth upon his nose to pass some spots. Manure from some of the stables has not been hauled away as provided for and we could cite numerous other breaches of the village sanitary law. Prosecuting a few offenders might be one way of cleaning up the burg, but we hardly think that extreme method is necessary.

Rather, let us each remember our responsibility, and keep our premises clean—so that the typhoid fly will have no chance at this year.

Rudyard Kipling several years ago remarked that "Medicine Hat had all Hell for a basement." If that is the case, it feels from this distance as if some one had left the cellar door open.

The Brooks Bulletin stands off space and wrings its hands that we should be so horribly cruel to even question the Crook's leadership. There, there, Mr. Bulletin, hush your weeping, we didn't mean to lay out your toes.

High Valley

We are glad to report that George Runner is again among us, feeling more like himself once more. He is planning to visit the Saskatchewan harvest fields soon.

Mrs C. V. Nunnemaker accompanied by her two little daughters left Tuesday for Medicine Hat where she intends to start for South Dakota, to visit her father who is seriously ill.

Miss Mary Carnos visited at the home of Mr and Mrs I. S. Nunnemaker Sunday evening.

The celebration at Atlee, July 25 was a grand success. A game of ball was played between Jenner and Atlee. The score was strongly in favor of Atlee. The High Valley team challenged the victors and a close game was played, the score standing 16 to 16 at the second half of the ninth inning. The honors going to High Valley, as Atlee surrendered the last half. What's the matter with High Valley? It's all right. Rah! Rah! Rah!!!

A prairie fire was raging south west of here, during the high winds of Saturday last. Men from far and near were fighting the flames and in time their efforts were rewarded. No serious damage is known of, except to the feed and grass in the Gunderson neighborhood.

C. V. Nunnemaker and son accompanied Mrs C. V. Nunnemaker to Medicine Hat Tuesday.

Mrs John Goddard spent a few days at the Hat last week.

Bert Radford is out on a two weeks vacation, visiting his mother Mrs James Bennett.

Leslie Radford, the eldest son of Mrs Jas. Bennett, has commenced his six months residence on his homestead near his mother's home. James Johnston is reported ill this week.

Ira German visited Mr and Mrs B. N. Nunnemaker Sunday.

W. J. Hillyard**Royal News**

J. J. Johnson has gone to Washington, to look over a farm that he is expecting to purchase of L. Dorsey, of Suffield.

We are sorry to see so many of our neighbors leaving for unknown parts. Among those that have in the past few days are Iver Hulse, J. B. Kimball, L. R. Kimball, E. F. Kimball, Homer McDuff and Clarence Severson.

We hear from Washington, that Bud Rodman has arrived at the hay fields, after a hard tussle at the line with the emigration officials. What's the matter with your head Bud?

A fine big boy arrived a few days ago at the home of Roy Flanders. No wonder Roy can only see the straight road for Suffield lately!

Lots of our wells are almost dry around here, but H. E. Kimball reports striking a fine flow of water on his place at less than twenty feet. He says that it's over a mile from his house, but that is nearer than it would be straight down to it.

Some have been selling of their young stock, near here. Better hang on a little longer, boys! Hard times come again no more, next year will be the best ever in Alberta.

Floyd Kimball is preparing for lots of snow next winter. Do you see his hay stack?

I understand that the banner crop for these parts was harvested lately by E. Melson. Five loads of green feed from fifteen acres. Oh well, keep up your courage, we expect to see several big stacks there next year. At any rate, don't discourage Frank, for we expect a big treat soon.

Henry Flanders is hauling his feed from Carlstadt. He says it is farther, but he can save money by buying it there and as it is harvest time now, he has plenty of time to haul it.

Miss Edith Flanders and Miss Irene Kimball, visited the new schoolhouse Wednesday.

Mrs N. S. Dyer and daughters have arrived home after a short stay with the Wheatland company.

Mr Farmer! Where is the winter feed and clothing for yourself and family, feed for your horses and your seed for next year, coming from? Let us get together in a body and discuss this matter, then write the department, or in anyway we can help each other. The sooner we commence the work, the better, for something must be done if these farms are to be seeded again next year.

E. A. Rodman has traded his driving horse to V. J. Johnson, for his fruit farm. Now he has traded his draft mules to Mr Nelson for his driving team, and he is all prepared to go to that happy land we hear of, just over yonder.

A prairie fire was started early Friday morning on section 32-15-8, of the Wheatland tract, that burned over a half a township. A large force of homesteaders fought the fire for two days and two nights.

Sunday morning it was all out. We are wondering where the men from the town of Suffield and police force were resting those nights.

A new homesteader located in 17-15-8, arrived the day before the fire on his claim with his wife. They had a narrow escape with their shack. While fighting the flames, his clothes caught on fire and his hands were badly blistered. With the help that came just in time, they were saved, but all the feed for miles around them is gone.

Henry Flanders was overcome by the heat, while fighting the fire on Saturday.

Who is going to thrash for you? Ha Ha! Never mind, next year is the big crop!

Frank Flanders says that if that fire keeps burning he will either have to buy some feed, or more horses.

J. Packer has returned from Jenner where he has been at work.

Our schoolhouse is being furnished. When does school open? It is
